

VL450R4V

Terminal Antenna \450-470MHz

Electrical Specifications:

Frequency band	450-470MHz
Band width	20MHz
Polarization	Vertical
Gain	4dBi
VSWR	≤2
Max. input power	100watts
Input impedance	50Ω

Mechanical Specifications:

RF connector interface	TNC male
------------------------	----------

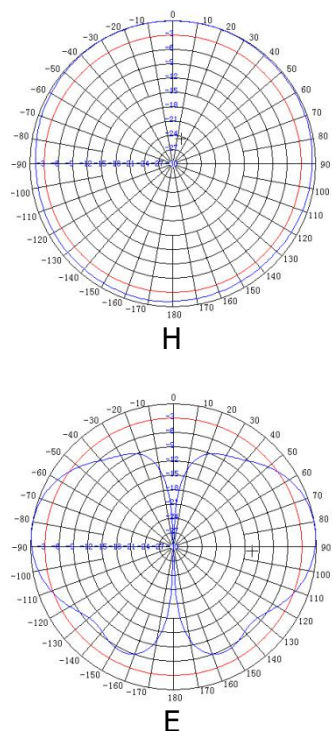

Environmental Specifications:

Operating Temp.	-40°C to + 60°C
Rated Wind Velocity	60m/s
Relative Humidity	Up to 100%

Dimension & weight:

Antenna height	29.3cm
Net weight	50g
Shipping package	100units/carton
Packed dimensions	40*30*14cm
Shipping weight	5.88kg
